

COVID-19 Hockey Player and patron entry procedure

Players & spectators entering the building for practices and games must enter through the North Main box office entry only. This entrance is located in the center of the north side of the arena on McMORRAN Blvd.

When entering, you will need to scan a QR code. Please see the directions attached. This will give you a link to answer three COVID-19 screening questions. It will also require your name and either your phone number or your email address. McMORRAN must have this information in order to have tracking information in case of a possible COVID-19 case in the future.

If you do not have a phone that can scan the QR code, the attendant at the door will have one you can use.

Once you have completed the screening process, you will need to scan your wrist for a temperature check and show the GREEN checkmark from the online screening to the attendant for entry.

Only players and coaches will be allowed in the locker room area. Players age 10 and under will be allowed one adult to accompany them in the locker room area.

This area includes the back lobby outside of the locker rooms as well.

Everyone in McMORRAN Place is expected to wear a mask at all times and keep six-foot distance at all times.

Thank you for your understanding,

McMORRAN Management
